SUMMARY

Experienced Front-End Developer, content writer, and UI designer with a proven track record of building dynamic and responsive web interfaces using HTML, CSS, and JavaScript. Adept at creating reusable, scalable components in React and Angular to translate design concepts into clean, functional code. Specializes in interactive, animated UIs that enhance user engagement while maintaining high performance. Contributed to diverse projects including Daraz, Valencia Pharma, Khadi, car rental companies, NASA, Monarch, Ashley Furniture Industries Inc., and Freshheat restaurant as a frontend developer. Proficient in HTML5 & Semantic Markup, CSS3 & Responsive Design, Bootstrap, Git & GitHub, Web Animations (CSS & JavaScript-based), Media Queries, Debugging & Developer Tools. Skilled in content writing with expertise in creative writing, blog & article writing, technical writing, storytelling & scriptwriting. Strong soft skills including creative problem solving, attention to detail, time management and communication skills. Demonstrates excellent team collaboration and project ownership with a commitment to self-learning and adaptability.
